

Redox Educators — U.S. Clinical Rotations (Chicago Program)

Redox Educators provides clinical rotations for international and U.S. medical students across the Chicago metropolitan area. Our students gain exposure to diverse patient populations, clinical environments, and medical disciplines under U.S.-licensed physicians affiliated with ACGME-accredited programs.

Why Choose Chicago

- Access to high-volume teaching hospitals in a major U.S. medical hub
 - Diverse patient populations and clinical exposure
 - Experienced U.S.-licensed preceptors
 - Flexible core and elective rotation scheduling
- Comprehensive support from onboarding to evaluations

Program Overview

- Eligibility: 3rd–4th year medical students
 - Duration: 4–8 weeks per rotation
 - Start Dates: Year-round
- Evaluation: Clinical evaluation form + Letter of Recommendation
 - Support: HIPAA, malpractice, and onboarding assistance

Rotation Types Available

Core Clerkships

- Internal Medicine
- Surgery
- Pediatrics
- OB/GYN
- Psychiatry
- Family Medicine

Elective Clerkships

- Cardiology
- Pulmonology / Critical Care
- Neurology
- Radiology
- Gastroenterology
- Orthopedics
- Emergency Medicine
- Nephrology
- Hematology / Oncology
- Infectious Disease

Student Experience

“The Chicago program gave me exposure to diverse patient cases and strong preceptors who prepared me for Step 2 and residency. I left every day with real confidence in my clinical decision-making.” — Redox Student, Class of 2025
