

Redox Educators — U.S. Clinical Rotations (San Antonio Program)

Redox Educators partners with hospital systems throughout the San Antonio area, providing medical students with structured core and elective clinical rotations. Students gain hands-on experience in both inpatient and outpatient settings, guided by U.S.-licensed physicians affiliated with accredited teaching hospitals.

Why Choose San Antonio

- High-volume clinical environment across major hospital networks
 - Diverse patient population and rich case variety
- Experienced preceptors emphasizing clinical reasoning and teamwork
 - Flexible start dates with full documentation support
- Ideal training ground for IMGs seeking U.S. Letters of Recommendation

Program Overview

- Eligibility: 3rd–4th year medical students
 - Duration: 4–8 weeks per rotation
 - Start Dates: Year-round
- Evaluation: Clinical evaluation form + Letter of Recommendation
 - Support: HIPAA, malpractice, and onboarding assistance
